**Attachments:** TCVP Pet Product Summary Sheet\_5.18.2020(2).docx

Hi Ben, Michelle -

Sorry for the earlier confusion. We would like to provide the attached summary to Hartz to aid in our follow-up discussion with them on Thursday. Given the accelerated timeframe to respond to the Court, we would like to get this back to them tomorrow morning so that they can have time to review it and have the necessary internal discussions. Would it be possible to have OGC take a look by 9 (I understand that this is a big ask).

Thank you!  
Trish

Revised version which includes results from both transferable residue studies.

Kelly, Mike,

We're hoping HED can condense the summary put together for the discussion with Hartz to include only the collar estimates with the Davis data, not the Hartz residue transfer study.

Please let me know if you have any questions or concerns with this approach, and if you might be able to help us out with this so that Trish may send it to Hartz by COB today, or early tomorrow morning.

Many thanks,  
Dana
